

## **BILE SALTS N. 3**

**Purified and standardized bile extracts**

**DESCRIPTION**

Bile Salts N°3 are highly purified and standardized bile extracts, consisting mainly of sodium cholate and sodium desoxycholate which are effective at less than on third of the concentration of Bile Salts. They give a clear, colourless aqueous solution at 0.15%.

**TYPICAL ANALYSIS**

Aspect 2 % solution..... limpid, colourless  
Loss on drying ..... 3.5 %  
pH ..... 8.0  
Minimum inhibitory concentration..... 0.1 - 0.2 %

**Packaging**

<b>41113021</b>	<b>Bile Salts No. 3</b>	<b>100 g</b>
