

**INOSITOL****Inositol, bacteriological grade.****DESCRIPTION**

Inositol is used in culture media for fermentation tests as an aid for the identification of *Enterobacteriaceae*

**TYPICAL ANALYSIS**

Assay	≥ 99 %
(oxidimetric; calc on anhydrous substance)	
Identity (IR spectrum)	conform
Melting range:	
-lower value	≥ 224C°
-upper value	≤ 227C°
Heavy metals (as Pb)	≤ 0,001%
Water	≤ 0,5%

**PACKAGING****41BAT0131****Inositol,****100 g**
